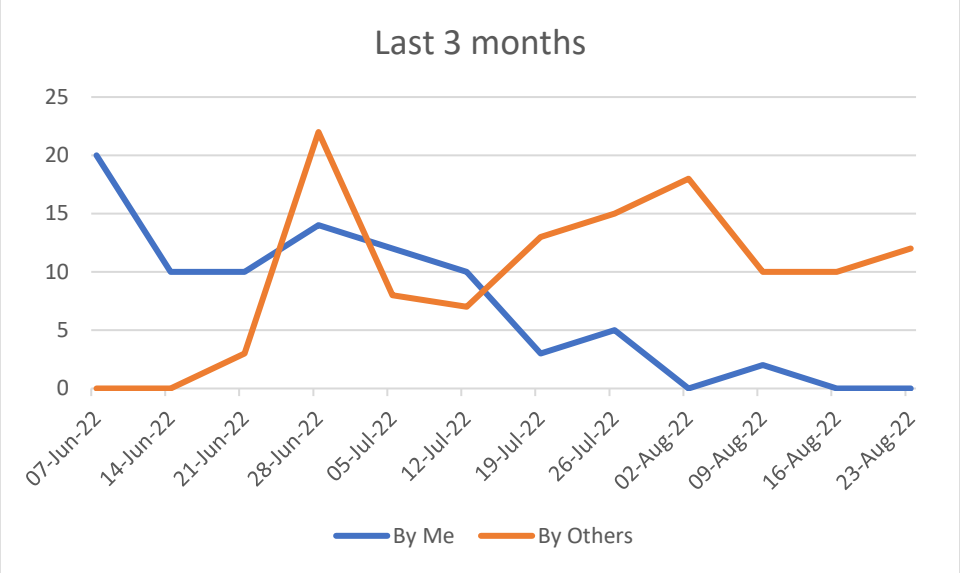
Board Running Details

Board: **Product Testing** *(Shared with other users)*

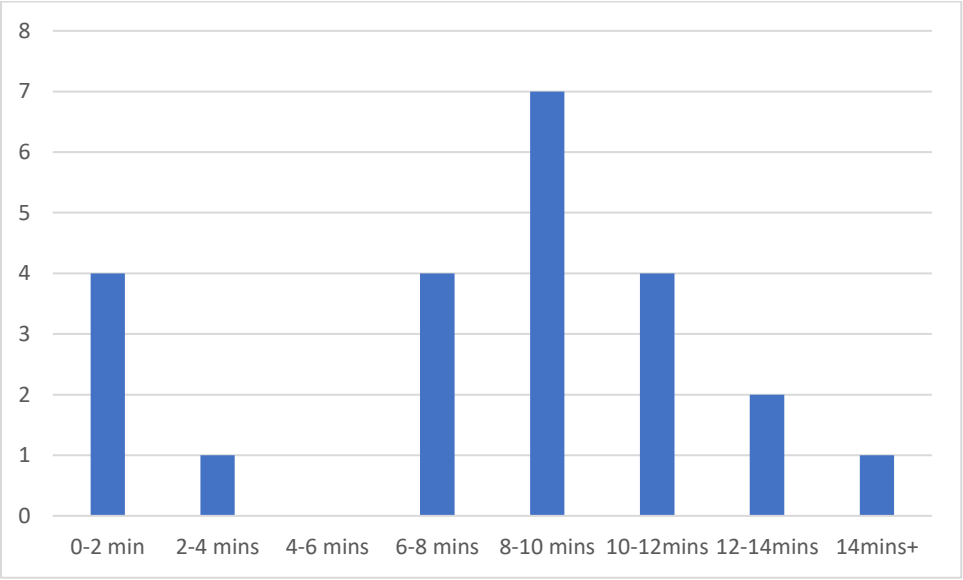
Created: 12-Apr-22 **Last Ran:** 19-Aug-22 **Last Edited:** 3-May-22

How often has this board been run by others and myself?



<< Prev 3 months Last Year

How long does it take me to run the board?



Uncompleted column

Averages: **Mean: 8.2 mins** **Median: 8-10 mins** **Mode: 8-10 mins**

Suggestions:

- Cost/CO2 of shutting down PC/closing apps? Any data?
- Time saved by peeps running your boards/elements – me running boards/elements. Assuming it takes x minutes to find your resources. Time saved using Enify.
- i.e. also include #elements in boards
